MANAGEMENT'S DISCUSSIONS AND ANALYSIS REPORT
BUSINESS OUTLOOK:

Over the last two years, the Government has taken some key policy decisions including recapitalization plan of Rs.2,10,000 crore for Public Sector Banks and introduction of the GST. These factors are likely to yield favourable results in the long run and GST is expected to give a fillip to the economy as a whole.

The slowdown in growth witnessed during 2016-17 (compared with 2015-16) intensified in the first quarter of 2017-18. GDP growth slowed to low of 5.7 per cent, sharply lower than 7.9 per cent in the preceding year. But, as the transitory impact of both GST and the demonetization shock is on the wane, the Economy appears to be gradually regaining momentum. GDP growth rebounded to 6.5 per cent in the second quarter of 2017-18, and further to 7.2 per cent in the third quarter of 2017-18 after slowing down in the past five quarters. Going by the 2018 Union Budget, the focus of fiscal policy in the coming year will be on revival of the rural economy and infrastructure expenditure.

Going forward, a major risk to the economy could be a sharp increase in oil prices, which could adversely affect inflation, fiscal deficit and the current account deficit. The overall performance of the Company is quite good during the Financial Year 2017-18 because of favourable capital market conditions. The Company will continue to focus its efforts to closely monitor portfolio Investment activity to generate optimum returns by way of capital appreciation and periodic dividend returns.

ANNEXURE – B TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of LAKSHMI FINANCE & INDUSTRIAL CORPORATION LIMITED, HYDERABAD ("the Company") as of 31 March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over

Financial Reporting (the "Guidance Note") and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Meaning of Internal Financial Controls Over Financial Reporting:

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018**1. CORPORATE INFORMATION:**

The Company is a Public Limited Company listed on the National Stock Exchange (NSE) and is engaged in the business of investment in Equity Shares and Mutual Funds.

2. BASIS OF PREPARATION:

The financial statements have been prepared to comply in all material respects with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, and the relevant provisions of the Companies Act, 2013 and in accordance with the generally accepted Accounting Principles in India under the historical cost convention and on accrual basis, except in case of assets for which provision for impairment is made and revaluation is carried out. The accounting policies are consistent with those used in the previous year.

3. SIGNIFICANT ACCOUNTING POLICIES:**a. Use of estimates:**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the "results of operations during the reporting period". Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

b. Tangible Fixed Assets:

Fixed assets are stated at cost (or revalued amounts, as the case may be), less accumulated depreciation, amortisation and impairment losses if any. Cost comprises the purchase price and any attributable cost to bring the asset to its working condition for its intended use.

Borrowing costs relating to acquisition of fixed assets which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

c. Depreciation on Tangible Fixed Assets:

Depreciation is provided considering the useful lives of respective assets, as provided and prescribed under schedule II of the Companies Act, 2013.

Fixed Assets costing rupees Five thousand or less are fully depreciated in the year of acquisition.

d. Prior period items:

All items of income/expenditure pertaining to prior period, which are material, are accounted through "prior period adjustments" and the others are shown under respective heads of account in the statement of Profit and Loss.

e. Revenue Recognition:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Specifically, the following basis is adopted:

Interest:

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

Dividends:

Dividend income is recognized when the right to receive payment is established.

f. Investments:

Investments that are readily realisable and intended to be held for not more than a year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value of each long-term investment is made to recognize a decline other than temporary in nature.

Investment in land or buildings, which is not intended to be occupied substantially for use by, or in the operations of the company, is treated as investment property. Investment properties are stated at cost, net of accumulated depreciation and impairment losses, if any.

Depreciation on buildings is provided on written down value method, in accordance with Schedule II to the Companies Act, 2013.

g. Retirement and Other Employee Benefits:

Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year.

The Provident Fund is a defined contribution scheme and the contributions are charged to the profit and loss account of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective trusts.

Short term compensated absences are provided on an estimated basis. Long term compensated absences are provided for based on actuarial valuation on project unit credit method carried by an actuary as at the end of the year.

Actuarial gains/losses are immediately taken to profit and loss account and are not deferred.

h. Borrowing Costs:

Borrowing costs that are directly attributable to the acquisition, construction or production of Fixed Assets, which take substantial period of time to get ready for their intended use, are capitalized. Other Borrowing costs are recognized as an expense in the year in which they are incurred.

i. Leases:

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased assets are classified as operating leases.

Where the Company is the lessee

Operating lease payments are recognised as an expense in the profit and loss account on straight-line basis over the lease term.

Where the Company is the lessor

Assets subject to operating leases are included in fixed assets. Lease income is recognized in the profit and loss account. Costs, including depreciation are recognised as an expense in the profit and loss account.

j. Earnings per Share (Basic and Diluted):

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

k. Taxes on Income:

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act 1961 enacted in India. Deferred income taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. If the Company has carry forward of unabsorbed depreciation and tax losses, deferred tax assets are recognised only, if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realised against future taxable profits.

l. Impairment:

The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

Reversal of impairment losses recognised in prior years is recorded when there is an indication that the impairment losses recognised for the asset are no longer exist or have decreased.

m. Provisions:

A provision is recognised when there is a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

n. Contingent Liabilities:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

o. Cash Flow Statement:

Cash flows are reported using indirect method. Cash and cash equivalents in the cash flow statement comprise cash at bank, cash/cheques in hand and Fixed Deposits with Banks.

p. Others:

Dividend as recommended by the Board of Directors is disclosed in the accounts pending shareholders' approval.
